Minutes from Octobers 2010 meeting

Agenda : Our website ? comments and Instructors information
 Road Safety event Ocean Terminal
 Courses for CPD / Following up courses
 Possible help from local association with costs
 Next Meeting

Matters Arising :

Meeting was opened by Gavin asking if everyone was happy with the Website and if any suggestions could be made. The feeling at the meeting was 100% happy. Though suggestions are always welcome. At some point our ADI info will go on the site if you do not want your information to go onto the site please let us know. Any new information from DSA for example will go on it along with our minutes.and any other information we have that's of interest to you people

CPD is very varied in what we can do. The DIA have a Driving Diploma Course this one actually will give you letters after your name! but wont increase the amount you can charge it takes 3/5 years and has 5 Modules. This is more for professionalism and to increase your knowledge.

If any one is interested let us know we can perhaps get a group together.

A CPD course some Instructors have taken was one given by Ian Edwards a follow up course will soon be available.

Other Matters:

Rae asked if our local association continues to work to increase our funds, if money could go to help part fund some of the CPD courses.

So we will look into our local association possibly helping with cost of these courses. Also looking into other avenues to help fund courses will keep you informed.

Next Meeting: Monday 7th Feb at Lieth Academy (off Easter Road) 6.45 for 7pm

AGENDA : Presentation of e-Driving solutions and its benefits.

Hermes Project and any other Local or National issues

Everyone welcome, this is your association get involved.
